

Bringing you something that little bit different...

What is Tapas?

TAPAS IS ALL ABOUT SHARING!

*It's all about tasting a little bit of everything, sharing your experience,
it's about getting together, enjoying food the Spanish way.*

How Do I Order?

Choose 2 or 3 tapas per head & share them all!

This is not about a first and second course.

The food will come little by little, as it is ready.

For all of you to share and enjoy together.

So, as we say in Spain,

'Buen provecho y tapear!'
